

Topic: Career in management studies

Resource person: Ms. Rosie Murray and Mr. Stanley Santmayor

Date: 12/02/2026

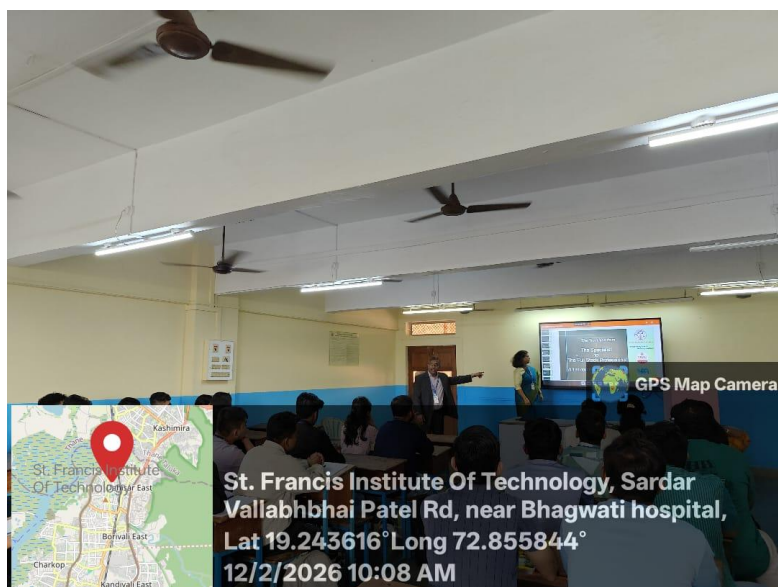

Class: BE EXTC A and B

The Department of Electronics and Telecommunication Engineering (EXTC), SFIT, organized an insightful session on **“Career in Management Studies”** for the students of **BE EXTC A and B** on **12th February 2026**.

The session was conducted by distinguished resource persons, **Ms. Rosie Murray** and **Mr. Stanley Santmayor**, who shared their valuable knowledge and professional experiences in the field of management education and corporate careers. They provided detailed guidance on pursuing management studies after engineering, including MBA specializations, entrance examinations, top institutions, and emerging career opportunities in domains such as Marketing, Finance, Operations, Human Resources, and Business Analytics.

The speakers emphasized the importance of leadership skills, communication abilities, strategic thinking, and industry exposure for building a successful management career. The interactive session allowed students to clarify their doubts regarding higher education, career paths, and industry expectations.

Overall, the session was highly informative and motivating, helping students gain clarity about opportunities in management studies and future career prospects.
