10th August, 2019

Seminar: Graduate Record Examination.

The ITSA had organized a seminar on GRE for the Second year and Third year students of the IT department. The details of the seminar are as follows:

- Seminar - Graduate Record Examinations
- Resource Person - Mr. K.P Singh
- Date - 7th August, 2019
- Time - 3.00 pm onwards
- Venue - New Auditorium

The Graduate Record Examinations (GRE) is a standardized test that is an admissions requirement for most graduate schools in the United States. GRE aims to measure verbal reasoning, quantitative reasoning, analytical writing, and critical thinking skills that have been acquired over a long period of learning. The importance of a GRE score can range from being a mere admission formality to an important selection factor.

The seminar focused on the following key points:

- To understand what is GRE and why is it required to pursue masters from a foreign university particularly from the United States of America.
- Various other tests such as TOEFL (Test of English as a Foreign Language) and IELTS (International Language Testing System) that are required to get an admission abroad.
- Courses offered in various countries and which country is best for a particular course.

Students learnt what is GRE and other tests such as TOEFL and IELTS. They were given a brief explanation of the total expenditure that would be required to complete your masters from various countries. They also learnt on what skill sets a GRE score is graded on.

Mrs.Shree Jaswal
(ITSA Co-ordinator)

Mrs. Grinal Tuscano
(ITSA Co-ordinator)
