Policy Document for free ships:

The students of our college are rendered financial help in the form of paying their partial/ full fees by the college so that their academics do not suffer.

While providing financial assistance the following factors are considered:

- a) Economic Background
- b) Sudden demise of the earning member in the family
- c) Job loss
- d) Prolonged sickness of the students requiring huge expenses on medicines & treatment.

Procedure:

The students report to the class coordinators or the accounts department about the inability to pay the fees and a written request is made addressed to the Principal. The Principal takes the proposal to the Director for consideration which is generally accepted.

Based on the decision of the Director the needy students are provided fee concession by way of giving instalment facilities to pay partial fees or are provided full concession. Some of our students on their personal account receive financial help from external agencies also.
