Student Development Cell

Roles and Responsibilities of the committee

Student Development Cell (SDC) has been formed as per the directives of the University of Mumbai. SDC works through Dean Student Affairs office. SFIT management believes in the overall development of students and supports the SDC in its aim to create and maintain a safe, healthy, and supportive environment that synthesizes the intellectual, physical, social, emotional, and spiritual development of students in a holistic way. The Cell consists of faculty and student representatives from Student Council. Staff convenors of Cultural, Sports, NSS committees and Counsellor are default members of SDC.

One of the major responsibilities of SDC is the formation of student council and their working guidelines. Student Council comprises elected and selected posts. The Electoral Positions (President, Secretary, Lady Representative and Reserved Representative) as core planning body for all the student events organized in the college irrespective of various domains namely technical, cultural, and literary, sports, etc. The Nomination Positions (NSS Representative, Sports Secretary, Cultural Secretary, Cultural Joint Secretary, and Technical Secretary) lead and are majorly responsible for their respective events and in turn report to the Electoral Positions. The Electoral Positions and Nomination positions (in all 9 members) comprise the Student Council - Core Committee. Selection position i.e., heads of various committees and class representative share the responsibilities for all the events throughout the academic year under the guidance of core committee. The elections for the Student Council of St. Francis Institute of Technology is conducted as per the guidelines of University of Mumbai.

SFIT provides various platforms and opportunities for the students to enhance their potential in all possible ways. Student Development Cell with the help of student council encourages the students to participate in sports, games, debates, quizzes, singing, dance competitions etc. for overall growth of student.

New Dimension is the literary / Cultural Club of the college that selects and enhances the talent pool of students in debates, elocutions, group discussion etc

SFIT – NSS has been developed in accordance with National NSS. Students take initiative and undertake important activities that make them capable of shouldering social responsibilities.

IRIS is the annual inter/intra cultural festival held every year in the first week of February. Mosaic is the annual inter/intra Institute technical festival held in the odd semester. These events act as a platform for students to highlight their technical abilities and enhance their technical knowledge. The events include technical paper presentation, Robotics, Programming competitions, Technical games etc.

Students also celebrates various events like Independence Day, Republic Day, Engineers Day, Teachers Day, Fresher's Day, Garba nights, Farwell Day, Christmas Day celebration etc.

In addition to above, Cultural days like Rose day, Hoodie Day, Character Day, Goth Day, Talent Hunt, meme day, Twin Day, Accessories day, Fashion Disaster day, Tradition Day etc are conducted during Pre-IRIS week without disturbing regular academics or affecting the decorum of the college.

SFIT student chapters, Computer Society of India (CSI), Institution of Electronics and Telecommunication Engineers (IETE), Institution of Electrical and Electronics Engineers (IEEE), Indian Society of Technical Education (ISTE), Information Technology Student's Association(ITSA) and Mechanical Engineering Student's Association (MESA) organise various technical activities throughout the semesters like seminars, workshop, STTPs and Industrial Visits in coordination with Dean academics and SDC. SDC encourages students strongly to take advantage of their time at SFIT and to participate in the multiple activities and opportunities organized by SFIT at various levels like volunteering activities, multicultural, social and sport activities.

Students can approach the Student Affairs office with any concern or issues related to learning environment. SDC encourages students to share their suggestions, opinions, concerns, issues, and needs. However, they are advised that the concerns be first taken up with the respective HOD.

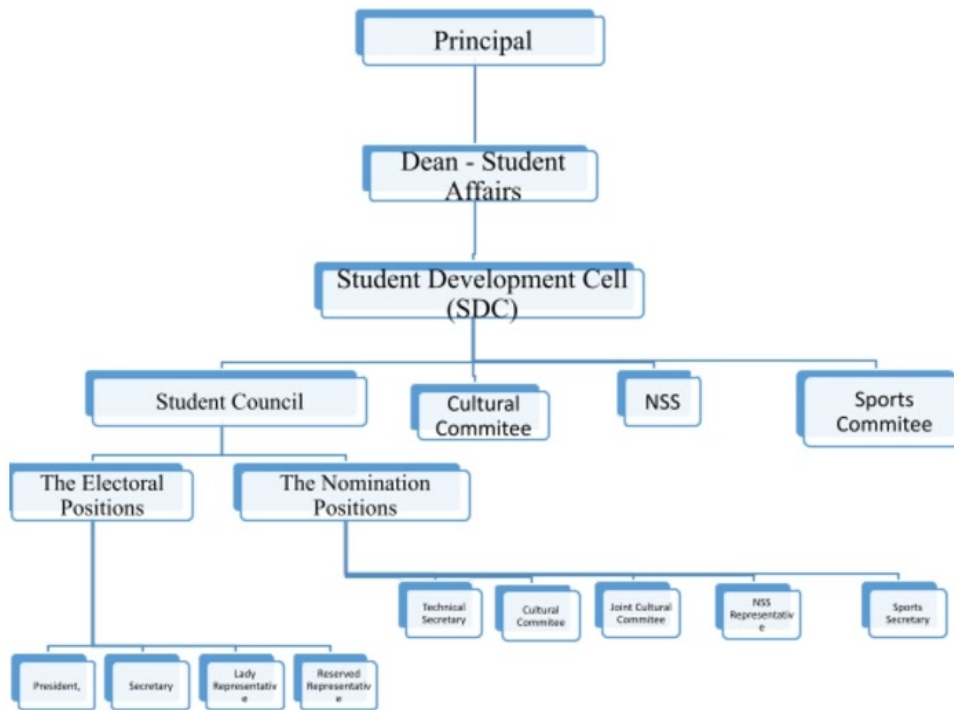

The Dean-Student Affairs with Student Development Cell (Committee of staff and students) is committed to make the student life at SFIT more comfortable by providing them with the chrysalis, i.e. a conducive environment that will add to their intellectual and personal development.

SDC believes in offering a learning experience that will lead to students' successful future.

Women Safety Training Programme

Date: Saturday, 7th March, 2020

Venue: Auditorium, St. Francis Institute of Technology, Sardar Vallabhbhai Patel Rd, near Bhagwati Hospital, Mount Poincur, Borivali West, Mumbai, Maharashtra 400103.

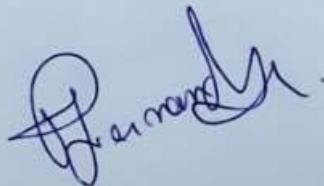

Resource Person: Mr. Amit Singh Bist, Karate Black Belt

A Self Defense Programme for all the women students of the Institute was held on March 7 on the occasion of International Day. The main objectives of the programme is to empower women, enable them to defend against any type of physical assault and to build self-confidence so that they can contribute significantly to their own development, shape their own destiny and capacity enhancement through Self-defence training. The programme was open for all the girl students and the female faculty members.

The resource person Mr. Amit Sing Bist spoke of the various schemes that the Government of India focuses upon such as Beti Bachavo Beti Padao. He also stressed the need of safety and security of the girl students and encouraged the participants to learn a few self defense techniques. These defense techniques was to create awareness among the students how to respond to the situations related to eve teasing, molestation, mobile snatching, purse snatching and such. This kind of training is the need of the hour as the cases of such crimes are increasing. The self defense training would empower them to fight back which is most important in today's age of power imbalance.

The world in which we are living is changing drastically and the people are becoming more and more unpredictable. The girls and women are stereotyped as the weaker sex and they become easy targets. In such an environment a program of such self-defense training is must for every girl in order to resist any kind of sexual assault as well as random attacks.

The outcome of the program was that the girl students learnt self-defense skills which would benefit them throughout their life to protect themselves. It will also increase their self confidence, boosts their self- esteem and positively and help them develop their personality.

1) **Event name: Teachers Day**

Total Expenditure: 22000 including NSS day food

The Teacher's day celebrations were held in our college on 15th September, 2017. The same day being engineer's day served as a wonderful opportunity for engineers to show their appreciation to their teachers. Our Principal Ma'am and Brother Jose had garland the portrait of M. Visweswarya as a mark of respect on engineer's day.

The celebrations had many performances like dance, group singing, skits. The main highlight of the event being, the newshour debate which appealed the audience well and lightly brushed upon the problems of assignments in engineering. After that a KBC quiz round was played with the teachers where prizes were given to the winners. The teacher's day celebrations turned out to be very jovial and a break for the teachers from their usual routine. Refreshments were served with a surprise element for each staff member. A small pocket diary with the message - "A teacher takes a hand, Opens a Mind and Touches a Heart", was presented as a token of appreciation from the Student Council.

Problems Faced: Teachers day being the first event of Student council went smoothly with all the arrangements made perfectly. The future council may face problems in food for the Teachers day as well as for the other events as the one shop we found out to be cheaper which drastically reduced our event cost of teacher's day and also helped to conduct NSS day with the same amount. But unfortunately, the shop closed lately during the end of the year 2017 which has created budget problems for our future events. Decide the gift for teachers day well before time as soon as the council is formed as it also needs confirmation from the Dean of Student affairs hence it needs to be decided soon according to the budget.

Scope of improvement: Two events in one day was a bit hectic.

2) **Event name: NSS day**

Total Expenditure: 5000 was included from Teachers day amount + amount from NSS

NSS day was celebrated to mark social service and the efforts taken up by the NSS volunteers to help the society.

Problems Faced: Very less crowd

Scope of improvement: publicity

3) **Event name: Freshers**

Total Expenditure: 70000

SFIT has welcomed the newly joined first year students to its family. Student Council presented them with an exciting Fresher's Party on 15th of September, 2017. The theme of the party was "Hawai" sending the message of brightness, celebrations and joy. After the teachers day celebrations, the council rushed to prepare for this party on the same day. Majority of the FEs turned up, the approximate count being 300. Everyone was dressed up as per the bright Hawai theme. After the regular security measures and id checks, every student was permitted in the beautifully decorated and lit auditorium. The decorations were very appalling and the lit Hawaiian masks caught everyone's eye. Many fun games were organized, the main highlight of the party being Mr and Miss Fresher who were crowned after questionnaire rounds by our cooperating faculty members. The dance floor was open and everyone dance and enjoyed the Dj tunes. All were dispersed by 8:30 pm with refreshments and fond memories.

Problems Faced: Since it was just after the teachers day celebration, it was chaotic to make the security arrangements thus delay in beginning the event.

Scope of improvement: Security measures

4) **Event name: Garba night**

Total Expenditure: 20000 - Self Sponsored (Depends upon students participation)

In the Navratri week, our college was also flooded with the Gujarati tunes of the season. Garba night was conducted on 23rd of September, 2017. This was a highly anticipated event of the season and probably the most colorful event. The passes were sold out like hot cakes and there was much excitement before the event.

All girls turned up in colorful ghagra cholis and lehengas, the boys were clad in beautiful gujrati and traditional attire. The central area between the new and the old building was lit up ready for dancers. It is said that we must remember the almighty before any occasion or celebration. We had the ambe ma arti as an auspicious start to the rhythmic garba ahead. Our Director Bro. Jose. Dr. Kavita Sonavne (HOD CMPN), DR. C Hariprasad were kind enough to grace us with their presence and do the arti.

After the arti traditional gujrati garba songs were played and everyone thoroughly enjoyed themselves. There were many spot prizes like the best dressed, the best dancer and the best group which excited everyone. Refreshments were served and it was an altogether a very energetic and a lively evening.

Problems Faced: Decision of venue, Crowd-handling while serving food.

Scope of improvement: Food can be improved

5) **Event name: Mosaic**

Total Expenditure: under other committees

Mosaic is the annual technical fest of SFIT. This year mosaic took place on 16th September, 2017. The festival explores the technical innovation of students through various games and events organized by various committees like Robocon, ISTE, IEEE, ITSA, CodeX, CSI, RADLAB etc. The inauguration ceremony began with lighting of the lamp by the dignitaries. We were honoured to have Dr M Sasikumar, Associate Director-CDAC, as the Chief Guest who shared his immense knowledge with the students. Our technical Secretary gave in the idea for innovation along with entrepreneurship spirit. The festival was inaugurated with a contraption, this time a new concept of hologram was inculcated along with the contraption.

This time many interesting games were conducted like the HunAR which was an Augmented Reality Treasure Hunt by CodeX. The Robo Wars by the Robocon Team. It's Showtime hunt by the CSI team and many coding games by ISTE. The footfall was high and many students participated in all the games that were conducted. The games were closed by 3PM. All were exhausted after having an exciting day. Mosaic served its purpose well, we hope to see more innovation in the coming year.

Problems Faced: Coordination between various committees

Scope of improvement: Better communication and publicity

6) **Event name: Ignitra**

Total Expenditure: Rs. 64000

Ignitra marked the sports festival of our college. Many sports such as cricket, football, athletics, carrom were organized. We had a good response from other colleges this time

Problems Faced: booking of grounds and water supply to participants

Scope of improvement: budget management

7) **Event name: IRIS and Pre IRIS**

Total Expenditure: 472000

IRIS-2018 marked the start of a new venture. This was the first time IRIS was being conducted under the Student Council. IRIS-18 marked the beginning of a new system which brought in freshness and excitement to our cultural fest.

Everyone has their own dreams, aspirations, fantasies. Everyone wants a pinch of magic in their lives. Each person is the superhero his or her life. We thought of getting all the fantasies, dreams, magic alive through our cultural festival "IRIS-18 FANTASIA."

Preiris week included various events like-

Disco night

Pre Iris games

Teachers games etc.

Also every day of the week a theme was assigned example character day, twin day etc.

Problems Faced: Time slots allocation for various events. Food supply for the members performing in college was not managed properly.

Scope of improvement: IRIS day two had less crowd, also security for dj night

8) **Event name: Annual Day**

Total Expenditure: 150000 - College Faculty approved

Annual day marked the beginning of IRIS. Parents and students gathered in large numbers for the function. Annual day was a huge success and had saw many changes this time including the venue and addition of led screen.

Problems Faced: Decision of venue and budget allocation were major hurdles that we faced.

Scope of improvement: Formal function and coordination between faculty incharge and students.

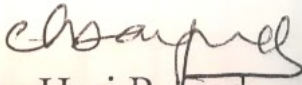

9) **Event name: Farewell**

Total Expenditure: 190000

Farewell was the last event organized by the Student Council. Lunch was arranged from the college canteen itself. The best students were awarded during the formal function. Informal part had dance and choir performances and some awards which followed by DJ party which everyone enjoyed.

Problems Faced: planning of gift which was given to the BE students

Scope of improvement: management of formal function, Decision of gift and approval for the same must be done early.
