

Guidelines for writing “Proposed Research Problem”

The Research Proposal should be precise, specific and should contain answers to the following questions and should reach us through email (sfitphd@sfitengg.org) on or before 12/02/2019:

1. Describe the background/ area of study you wish to pursue.
2. Describe specific sub-topic you wish to investigate.
3. Provide a brief Literature Review for the work done in the area.
4. Propose your Research Problem.
5. Include Publications, if any.
6. Visit our college website to see the area of specialization of our Research Guides

(Kindly limit your description to 01, A4 size pages)
