Annual Stock Verification

Annual Library Stock Verification was carried out between June 19 to 30, 2017. The stock comprised of more than 25000 books besides Book Bank books, Project reports and CDs.

This year, NSS volunteers joined the library staff in carrying out the stock verification activity. As many as 10 NSS volunteers from FE and SE gathered every day to help the library. All the volunteers were felicitated by our Respected Director Bro. Jose T. on 30th June, 2017 for their help.

A big thank you to all!

As everybody is aware, the entire gamut of stock verification activity is a herculean task besides being time-consuming. This year, we were very fortunate to have the entire process automated by applying the following:

App – “Tag Detect” created by BE ExTC students – Kalind Karia, Kinnary Joshi, Sanjana Desai and Jaykumar Patel

Webpage – “Stock Verification” created by Mr. Johnson Pen (Asst. System Administrator, SFIT)
